The Girls' Brigade is an international children's and youth organisation - and it has a club that meets on your doorstep at (insert name of church and address). A typical evening consists of a range of engaging and interactive activities, all of which are designed to help your children to not only have fun and make new friends, but to also develop to their full potential!

### Who runs the club?

The club is run according to Christian values by trained and experienced volunteers all of whom have undertaken the necessary Criminal Records Bureau checks and children's work training.
