One free funny sent to your email inbox everyday.

The Funnies list sends both clean humour and occasional thought-provoking, and many times touching, devotional pieces. It's an exceptional vehicle for reaching both church leaders wanting good ideas and active lay persons. Many of them use it as their primary source of material for sermons, Bible studies, newsletters, and more.

www.lifewords.info/beingyourself

Being Yourself is a new initiative from *Lifewords* that brings the message of psalm 139 to life. Short films and online responses bring God's Word into real situations and real emotions. Resources, ideas and concepts to help think through how to be your self. Wonderful for working with older girls.

www.globalgang.org

An interactive site with sections for hot news, global gossip, games, homework help, real life and planet teacher. Lots of great information from Christian Aid, easily used for devotions (you could keep a theme going for a half term) or for service / educational badgework.

www.bhf.org.uk/youngpeople

With World Heart Day on 24th September, why not use this as a focus for your physical badgework this year. You could hold a HeartBeat event, with dancing, exercise and music, all great fun. And organisers pack is sent out with lots of top tips.

When I asked the 'Alert Group' which were their favourite web sites, this reply came back by return...
'Not just GB storage but home/work/garden - one of my best ever finds. One GB use - they sell little packets of forget me not, strawberry and a variety of other seeds for a reasonable price if you wanted an unusual thank you or leaving gift. Comes with its own compost already to be planted and grown. There's a lovely little under the bed storage box in either pink or lilac which a little girl we both know would love!'...
Thanks Helen
