

# Socktopi

## You will need:

One sock, brightly coloured if possible!  
Material for stuffing  
Garden Cane  
Elastic band  
8 pipe cleaners  
Ribbon  
Googly eyes  
Scissors  
Glue and Other random things from the Craft box

Fill the toe end of the sock with stuffing and form the shape of a head.  
Push the garden cane up into the sock and half way into the stuffing  
Fasten the elastic band around the cane and sock as tightly as possible, making a secure head.  
Cut the remaining sock (the ankle bit) from the hem to 5 cm from the elastic band in 8 even-ish strips.  
Twist and secure a pipe cleaner around the cane underneath the sock near to the elastic band.  
Then wrap a strip of the sock around the pipe cleaner all the way down and bend up at the end to secure.  
Repeat this for remaining 7 legs  
Decorate the head with eyes and create a face, hat etc to suit.  
Tie a ribbon around the neck, or you could make a gents tie.

Make a friend and have a Socktopi Party!

Seafood cocktails?  
Tuna Sandwiches  
Prawn cocktail crisps
